

The Suryaa New Delhi hosts Book Launch by Dr. Jamuna Pai

Books 15 hours ago

New Delhi, 1 May, 2015: Delhi's favourite hotel, The Suryaa New Delhi hosted a warm evening on the occasion of the launch of Dr. Jamuna Pai's first book, No One Has To know. The launch was organized by Harper Collins in association with The Suryaa, New Delhi. It was attended by guests from various fields which made it a success.

Ms. Ramola Bachchan was the host for the evening and she engaged with the celebrated dermatologist and cosmetologist to share some excellent beauty tips for the Indian skin. Dr. Pai addressed many sorts of skin problems and their simple remedies. She revealed the 5E approach to skin – Everyday, Exfoliate, Erase, Eat and Exercise – to help understand that subtle changes have the biggest impact.

The book NO ONE HAS TO KNOW is the ultimate guide to anti-ageing authored by the celebrated medical cosmetologist and pioneer in age-defying techniques Dr. Jamuna Pai, who works on the principle that people willing to invest time and other resources in anti-ageing treatments don't always want to look like they have done in the past.

Pankaj Mathur, General Manager, The Suryaa New Delhi said, "Dr. Pai has been an innovator in her field and we are delighted to play host to her very first book launch. At The Suryaa New Delhi we are building a hub for delhi-ites that can cater to a variety of interests. And we look forward to hosting many more such events."

About The Suryaa New Delhi

A 5 star deluxe hotel, located in the heart of the commercial business district of South Delhi, opened its doors in October 1982. Building an independent brand in a market cluttered with international bestseller brands comes with its own unique challenges and requires a completely different game

plan as compared to a property with a big-brand name opening.

Since the decision to build an independent brand of The Suryaa, Delhi's Favourite Hotel is becoming a game-changer in the hospitality sector in the city as well. The hotel has recently received ISO 22000: 2005 certification for the hotel from SGS – Societe Generale de Surveillance, Switzerland for the Food Safety Management System on the premises.
